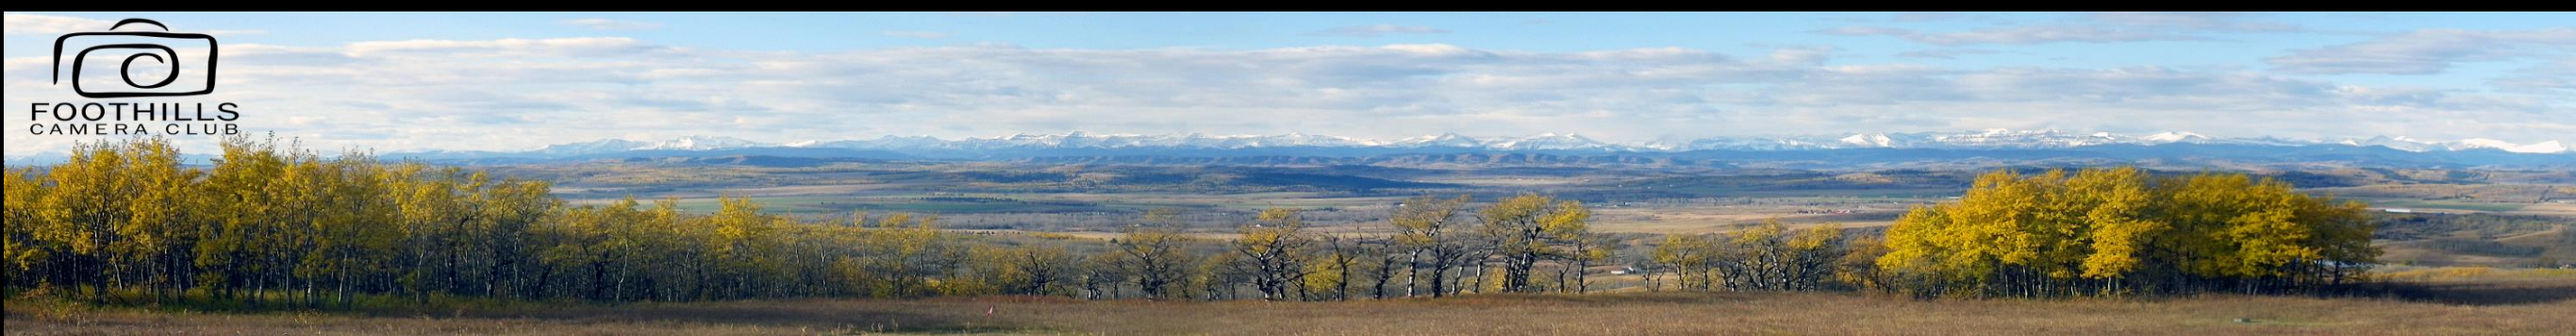
Canadian Camera Conference



CCC 2019
Why Should the FCC Host?

- It was the consensus of the CCC 2019 committee that FCC's mission statement was our main reason to host.

Promoting the Art of Photography through Education and Fellowship

Canadian Camera Conference

July 16 - 18, 2019
Calgary, Alberta

After 20 years, the Canadian Camera Conference, CCC2019, returns to Calgary, Alberta. Held every two years, CCC is the national conference of CAPA, the Canadian Association of Photographic Art. Once again, Foothills Camera Club has stepped up to host the conference. FCC has been in the Calgary photographic community since 1953 and is looking forward to showcasing Calgary and Alberta to our attendees.

Home of the Greatest Outdoor Show on Earth, the Calgary Stampede, Calgary is a vibrant modern city with small town western hospitality. We have something for everyone - river surfing and kayaking on the beautiful Bow River, the National Music Centre which is both a Canadian music treasure and an architectural masterpiece, the Flames and Stampeders for sports fans and restaurants and craft breweries for foodies. And of course, there's that group of mountains just an hour or so west of the city...

CCC2019 boasts 14 talented and engaging image-makers who are already preparing their presentations on portraiture, landscape and wildlife photography, astrophotography and much more. The conference is being held on the beautiful SAIT campus with accommodations, presentations and the banquet all in one place. Located just north of downtown Calgary and on the LRT transit line, getting around the city is a breeze. In fact, bring your family and make a vacation out of it.

Held on the heels of the Calgary Stampede, there are pre- and post-conference phototours as well as workshops during the conference. Enjoy extended trips through the unparalleled beauty of the Rockies, the otherworldly Badlands to the east and the rich cowboy history of Alberta and Waterton Lakes to the south. You can also enjoy city walks and a photo excursion to the world-renowned Calgary Zoo. The sky is the limit.

Mark your calendar. Grab your gear. Come to Calgary in July 2019.
